

Dear Colleagues,

As we previously announced, an ISCB-supported short course will take place in Budapest.

The course entitled *The design and analysis of N of 1 Trials* will be held on Friday, the 9th of November 2018, and will be presented by Stephen Senn.

Course Venue:

Accelsiors Ltd, Háros Street 103, Budapest 1222

Registration fees are:

- 30/40 Euros for ISCB members/non-members from target countries
- 120 Euros for those from developed countries (in case there are places left)
- 20 Euros for students from all countries

Due to the high bank transfer fees, payment can be made only on-site, before the course start, and only in cash. Credit cards can't be used. However, pre-registration is needed, so that we can prepare the invoices in advance. Please send all data needed for invoice (name, address, and the category of registration fee which applies to you) to the following address:

[shortcourse.2018@gmail.com](mailto:shortcourse.2018@gmail.com)

Detailed agenda will follow later.

Hope to see you in Budapest,

Julia Singer

Hungarian National Group of the ISCB
